

# Yealink

## Yealink IP Phone SIP-T29G

## Quick Start Guide (V82.20)

# Packaging Contents

The following items are included in your package. If you find anything missing, contact your system administrator.

IP Phone

Handset

Handset Cord

Ethernet Cable  
(1.5m CAT5E UTP Cable)

Stand

Quick Start Guide

Power Adapter  
(Optional)

Wall Mount Bracket  
(Optional)

**Note:** We recommend that you use the accessories provided or approved by Yealink. The use of unapproved third-party accessories may result in reduced performance.

## Assembling the Phone

### 1. Attach the stand, as shown below:

A

B

Desk Mount Method

**Note:** You can also mount the phone to a wall. For more information on how to attach the wall mount bracket, refer to Yealink Wall Mount Quick Installation Guide for Yealink IP Phones.

### 2. Connect the handset and optional headset, as shown below:

Wireless Headset Adapter EHS36

**Note:** The headset or wireless headset adapter EHS36 should be purchased separately.  
The EXT port can also be used to connect the expansion module EXP20. For more information on how to use the EHS36 and EXP20, refer to Yealink EHS36 User Guide, Yealink EXP20 User Guide.

### 3. Connect the USB flash drive, as shown below:

**Note:** The USB port can also be used to connect the Bluetooth USB dongle BT40 or Wi-Fi USB dongle WF40. The Bluetooth USB dongle BT40 and Wi-Fi USB dongle WF40 should be purchased separately. For more information on how to use the BT40 and WF40, refer to Yealink Bluetooth USB Dongle BT40 User Guide and Yealink Wi-Fi USB Dongle WF40 User Guide.

### 4. Connect the network and power, as shown below:

You have two options for network and power connections. Your system administrator will advise you which one to use.

**Note:** The IP phone should be used with Yealink original power adapter (5V/2A) only. The use of the third-party power adapter may cause the damage to the phone. If you are connecting a PC to your phone, we recommend that you use the Ethernet cable provided by Yealink. If inline power (PoE) is provided, you don't need to connect the power adapter. Make sure the hub/switch is PoE-compliant.

## Startup

After the IP phone is connected to the network and supplied with power, it automatically begins the initialization process. After startup, the phone is ready for use. You can configure the phone via phone user interface or web user interface.

## About Yealink

Yealink (Stock Code: 300628) is a global leading unified communication (UC) terminal solution provider that primarily offers video conferencing systems and voice communication solutions. Founded in 2001, Yealink leverages its independent research and development and innovation to pursue its core mission: "Easy collaboration, high productivity." The company's high-quality UC terminal solutions enhance the work efficiency and competitive advantages of its customers in over 100 countries. Yealink is the world's second-largest SIP phone provider and is number one in the China market.

## Technical Support
